**Website: <https://josephpeterkamvabingu.site>**

### **Professional Summary**

A self-taught and highly driven IT and Network Support Specialist with exceptional skills in programming, AI integration, web development, and ICT support. Despite not holding a formal degree, I possess strong certifications and hands-on experience that have enabled me to support banking systems, create websites, integrate AI services, and manage digital tools efficiently. I am passionate about using technology to solve problems, optimize processes, and drive digital transformation in any organization.

### **Core Competencies**

- ✧ - Web Development (HTML, CSS, JavaScript, React, PHP)
- ✧ - IT Support & Network Troubleshooting (LAN/WAN)
- ✧ - AI Services Integration & Automation (ChatGPT, bots)
- ✧ - Digital Marketing & Ad Management
- ✧ - Cybersecurity Awareness & Safe Practices
- ✧ - Graphic Design & Branding (Canva, Photoshop)
- ✧ - Data Entry & Systems Monitoring
- ✧ - Remote Collaboration & Team Communication
- ✧ - CMS Management (WordPress)

## **Technical Skills**

- ✧ - Programming Languages: HTML5, CSS3, JavaScript, PHP
- ✧ - Tools & Platforms: VS Code, GitHub, Firebase, WordPress
- ✧ - AI & Automation: Chatbot creation, API integration
- ✧ - Operating Systems: Windows, Linux
- ✧ - Databases: MySQL, Firebase
- ✧ - Design Tools: Canva, Photoshop, Figma
- ✧ - Productivity: Microsoft Office, Google Workspace

## **Certifications & Online Training**

- ✧ - Network & Cybersecurity Basics – Freelance Remote Professionals (FRP)
- ✧ - Data Science and AI Engineer – Datamites
- ✧ - IT Support & Data Essentials – Datamites

## **Experience**
